

VC-S3

Premium Record Cleaning Machine

- Improved cabinet design
- Magnetic clamp for quicker cleaning
- Vacuum motor with aluminum mounting pads and cataphoretic surface treatment
- Self-adhesive arm strip for better cleaning
- Wash it 2 cleaning fluid
- 5mm composite aluminum panels
- Super-fast & super-strong cleaning
- 2.5L tank for spent cleaning liquid
- Completely dry records within 2 rotations
- Removes static load of vinyl records
- Removes cleaning fluid residue-free
- Eco-friendly alcohol-free cleaning fluid
- High-end build quality
- Made in Europe

Cleaning speed:	30 RPM
Included accessories:	Brush Vacuum Arm Self-Adhesive Arm Strip Magnetic clamp Wash it 2 (100ml) Power cable
Power connection:	110/120 or 230/240 Volt 50 or 60 Hz
Power consumption:	230V/800W, 120V/650W
Dimensions :	415x325x272 mm (W x H x D)
Weight:	8.0kg

The New S3 Record Cleaning Machine

The VC-S3 is our premium new record cleaning machine with superior features.

Vinyl records need dedicated maintenance. Dry-brush cleaning before playing the record is good for removing dust, but to effectively clean the grooves, wet-cleaning is a must. Accordingly, a suitable cleaning fluid is paramount. Alcohol-based cleaning fluids can be abrasive on the finer aspects of the grooves, which is why we've designed our new eco-friendly, alcohol-free cleaning fluid Wash it 2. Our new Wash it 2 is a pre-mixed liquid so you no longer need to dilute the concentrate yourself. This avoids the accidental use of unsuitable water and/or an unsuitable ratio. The pre-mixed Wash it 2 removes more margin for error in the cleaning equation.

The VC-S3 is very powerful and cleans records completely in one to two revolutions. 9l hfU'fchU]hcbg'bchbYVW'ggUfm'
